Only the legally responsible party may sign this application.

Schedule #1—General Information (cont.)

County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 3: Schedules Required for New or Amended Applications

An X in the "New" column indicates a required schedule that must be submitted as part of any new application. The applicant must mark the "New" checkbox for each additional schedule submitted to complete the application.

For amended applications, the applicant must mark the "Amended" checkbox for each schedule being submitted as part of the amendment.

Schedule #	Schedule Name	Application Type	
		New	**Amended**
1	General Information	☒	☒
2	Required Attachments and Provisions and Assurances	☒	N/A
4	Request for Amendment	N/A	☒
5	Program Executive Summary	☒	☐
6	Program Budget Summary	☒	☐
7	Payroll Costs (6100) – SEE **NOTE**	See Important Note for Competitive Grants*	☐
8	Professional and Contracted Services (6200) – SEE **NOTE**		☐
9	Supplies and Materials (6300) – SEE **NOTE**		☐
10	Other Operating Costs (6400) – SEE **NOTE**		☐
11	Capital Outlay (6600/15XX) – SEE **NOTE**		☐
12	Demographics and Participants to Be Served with Grant Funds	☒	☐
13	Needs Assessment	☒	☐

Schedule #2—Required Attachments and Provisions and Assurances	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 1: Required Attachments

The following table lists the fiscal-related and program-related documents that are required to be submitted with the application (attached to the back of each copy, as an appendix).

#	Applicant Type	Name of Required Fiscal-Related Attachment
No fiscal-related attachments are required for this grant.		

#	Name of Required Program-Related Attachment	Description of Required Program-Related Attachment
No program-related attachments are required for this grant.		

Part 2: Acceptance and Compliance

By marking an X in each of the boxes below, the authorized official who signs Schedule #1—General Information certifies his or her acceptance of and compliance with all of the following guidelines, provisions, and assurances.
Note that provisions and assurances specific to this program are listed separately, in Part 3 of this schedule, and require a separate certification.

X	Acceptance and Compliance
☒	I certify my acceptance of and compliance with the General and Fiscal Guidelines.
☒	I certify my acceptance of and compliance with the program guidelines for this grant.
☒	I certify my acceptance of and compliance with all General Provisions and Assurances requirements.
☒	I certify that I am not debarred or suspended. I also certify my acceptance of and compliance with all Debarment and Suspension Certification requirements.
☒	I certify that this organization does not spend federal appropriated funds for lobbying activities and certify my acceptance of and compliance with all Lobbying Certification requirements.
☒	I certify my acceptance of and compliance with No Child Left Behind Act of 2001 Provisions and Assurances requirements.

Schedule #2—Required Attachments and Provisions and Assurances	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances

☒   I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurance that, if it receives these program funds to serve one or more campuses, it will ensure each campus receives all of the state and local funds it would have received in the absence of these program funds. As a result, an LEA must provide the TTIPS grantee campus all of the non-Federal funds the campus would have received were it not a TTIPS grantee campus, and these program funds must supplement the *amount* of those non-Federal funds. Note, however, that the campus does not need to demonstrate that these program funds are used only for activities that supplement those activities the campus would otherwise provide with non-Federal funds.
4.	The applicant provides assurance that the education program described below is unique to the applicant. An applicant that plagiarizes or copies any other application does not meet this standard and will be disqualified.
5.	The LEA provides assurance that it will meet the following federal requirements: 1. Use its TTIPS Grant to fully and effectively implement an intervention package in each school that the LEA commits to serve, consistent with the final requirements. 2. Establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics, measure progress on the leading indicators in section III of the final requirements and establish goals to hold schools receiving school improvement funds accountable. 3. If it implements a restart model in a school, hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements, and it include these terms in its contract or provisions 4. Monitor and evaluate the actions a school has taken, as outlined in the approved TTIPS application, to recruit, select and provide oversight to external providers to ensure their quality. 5. Monitor and evaluate the actions schools have taken, as outlined in the approved TTIPS application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools to sustain progress in the absence of TTIPS funding. 6. Report school-level data to the SEA required under section III of the final requirements, and included in the Program Guidelines of this RFA.
6.	The LEA provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.

7.	The LEA/campus provides assurance that if it selects to implement the **transformation model**, the campus will meet all of the following federal requirements:
	1. Develop and increase teacher and school leader effectiveness.
	    (A) Replace the principal who led the school prior to commencement of the transformation model;
	    (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--
	        i. Take into account data on *student growth* as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

      ii. Uses the definition of **student growth** as: the change in achievement for an individual student between two or more points in time. For grades in which the State administers summative assessments in reading/ language arts and mathematics, student growth data must be based on a student's score on the State's assessment under section 1111(b)(3) of the ESEA. A State may also include other measures that are rigorous and comparable across classrooms.

      iii. Are designed and developed with teacher and principal involvement;

(C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;

(D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and

(E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.

2. Deliver comprehensive instructional reform strategies.

(A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and

(B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.

3. Increase learning time and creating community-oriented schools.

(A) Establish schedules and strategies that provide increased learning time; using a longer day, week or year; and by addressing each of the following areas:

      i. Additional time for instruction in core academic subjects including English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

      ii. Additional time for instruction in other subjects and enrichment activities that contribute to a well-rounded education, including, for example, physical education, service learning, and experiential and work based learning opportunities that are provided by partnering, as appropriate, with other organizations.

      iii. Additional time for teachers to collaborate, plan, and engage in professional development within and across grades and content areas.

(B) Provide ongoing mechanisms for family and community engagement.

4. Providing operational flexibility and sustained support.

(A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and

(B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).

8.

The LEA/campus provides assurance that if it selects to implement the **Texas state-design model**, the campus will deliver a comprehensive school improvement strategy, implemented for all students in the school, which is consistent with the Texas concept for developing an **Early College High School** (ECHS). In doing so, the LEA/campus will implement the following:

1. Pursue designation as a Texas Early College High School, with a target of earning TEA ECHS designation and full-operation as an ECHS, no later than the start of the second year of the TTIPS grant implementation period; Fall 2017.

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

2. Create an innovative high school that enables students to graduate with a high school diploma and an associate degree; or high school diploma and 60 college credit hours toward a baccalaureate degree.

3. Provide college credit earned through the high school years for all students at no cost; including tuition, fees and textbook costs.

4. Develop and increase teacher and school leader effectiveness through use of the Texas Teacher Evaluation and Support System and Texas Principal Evaluation and Support System.

5. While implementing for all students, the program specifically identifies students for more intensive supports. These students include those at-risk for dropping out of school, as defined in Texas state-defined criteria in TEC §29.081; and students historically underrepresented in college courses. In developing and providing the more intensive supports, , the LEA/campus will have:

    (A) Data to identify the population at risk of dropping out of school;

    (B) Quantitative and qualitative data to identify students least likely to attend college/those historically underrepresented in college courses;

    (C) Early College brochures in all languages relevant to the school community;

    (D) Written communication plan for relevant target audiences: parents, community members, school board.

    Adapted from Texas Early College High School Blueprint, Benchmark 1.

6. By the start of TTIPS full-implementation (Fall 2016), the LEA/campus will have key partnerships in place that will enable success as an Early College High School. These partnerships are marked by signed Memoranda of Understanding with current signature each year of implementation. Key partnerships include:

    (A) Partnership between the school district and an institute of higher education (IHE) that:
        i.   Defines the partnership between the LEA/campus and the IHE and addresses topics including, but not limited to: the ECHS location, the allocation of costs for tuition, fees, textbooks, and student transportation;
        ii. Defines an active partnership between the school district(s) and the IHE(s), which shall include joint decision-making procedures that allow for the planning and implementation of a coherent program across institutions; and
        iii. Includes provisions and processes for collecting, sharing, and reviewing program and student data to assess the progress of the ECHS.
    (B) Contract/partner with the Texas Early College High School Technical Assistance provider for access to training, coaching, and technical assistance through to earning designation. Once designated, will continue work with the technical assistance provider as is required as a condition of TEA designation.

    (C) Contract/partner with a Texas Early College High School demonstration site. Demonstration sites are identified by TEA each year from 2015-2016 forward. Terms of the contract/partnership shall be designed for demonstration site/ model program for the TTIPS LEA/campus by TEA in

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

early 2015-2016

Adapted from Texas Early College High School Blueprint, Benchmark 2.

7. By the start of TTIPS planning/pre-implementation year (January 1, 2016), the LEA and key partners must have developed and be maintaining a leadership team focused on P-16 Leadership Initiatives that meets regularly to address issues of the ECHS design and sustainability. At minimum, the membership shall include the campus principal and individuals with decision-making authority from both the LEA and IHE.

    Adapted from Texas Early College High School Blueprint, Benchmark 3.

8. Provide a curriculum that offers a rigorous and accelerated course of study, in both college-credit bearing courses and preparatory/college readiness courses. Additionally, the program must provide students with the academic, emotional and social supports necessary to be successful in the rigorous course of study. The curriculum and supports must meet the following:

    (A) Beginning in TTIPS first year of full-implementation (Fall 2016), have curriculum in place that allows all students to graduate high school with at least six semester credit hours toward a baccalaureate degree.

    (B) By TTIPS second year of full-implementation (Fall 2017), have curriculum in place that enables students to receive a high school diploma and complete the Texas Higher Education Coordinating Board's (THECB) core curriculum (as defined by TAC §4.28); or an associate's degree; or at least 60 credits toward a baccalaureate degree during grades 9-12.

    (C) Possess a written course of study plan showing how students will progress as an ECHS graduate. The plan must provide pathway to a baccalaureate degree and follow the courses and fields of study listed in the THECB Lower Division Academic Course Guide Manual.

    (D) Beginning in the TTIPS first year of full-implementation, the campus will provide academic supports to the students in the form of: extended learning time sessions for tutoring, advisory and/or college readiness support time built into the program of study, and a college-readiness mentorship program.

    (E) Beginning in the TTIPS planning/pre-implementation year, the campus will provide social and emotional supports to the students, including: connections to social services, parent outreach and involvement opportunities.

    (F) Beginning in the TTIPS first year of full-implementation, the campus will provide college awareness and access services to students and families, including: college application assistance, financial aid counseling, college and career counseling.

    Adapted from Texas Early College High School Blueprint, Benchmark 4.

    By the TTIPS first year of full-implementation, the campus shall provide for the administration of the Texas Success Initiative (TSI) college placement exam to students in order to assess college readiness, design individual instruction plans, and enable students to begin college courses based on their performance. Fees associated with assessment administrations must be waived/covered for all students. **Adapted from Texas Early College High School Blueprint, Benchmark 5.**

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

9. By the start of the TTIPS second year of full-implementation (Fall 2017), the campus will provide a full-day program at an autonomous high school; operating with:

    (A) An IHE liaison with decision-making authority who interacts directly and frequently with the campus staff and administrators;

    (B) A highly qualified teaching staff possessing appropriate level of certification, training and ongoing supports to teach college-bearing courses to high school students.

    (C) Clear opportunities for students to have regular use (at least six times per school year) of college academic facilities, regardless of early college school site.

    (D) Opportunities for high school faculty and staff to receive regular training and support; in collaboration with the IHE faculty and staff.

Adapted from Texas Early College High School Blueprint, Benchmark 6.

The Texas concept for an Early College High School is fully described in the following resources:
- Texas Education Agency, Early College High School program
- Texas Education Code §29.908
- Texas Administrative Code §4.161
- 19 Texas Administrative Code Chapter 102 Educational Programs Subchapter GG: Commissioner's Rules Concerning Early College Education Program

The applicant provides assurances that the LEA/campus administering the state-design model will submit an Early College High School Readiness Assessment as a supplement to the TTIPS required Implementation Readiness Portfolio. Assessment forms will be provided by the TEA TTIPS program office.

The applicant provides assurances that the LEA/campus administering the state-design model will apply for Texas Early College High School designation, no later than applications are available for schools that wish to be designated for the 2017-2018 school year.

9.

The LEA/campus provides assurance that if it selects to implement the **Early Learning Intervention Model** in an elementary school, the campus will implement in accordance with the following federal requirements:

1. Offer full-day kindergarten.

2. Establish or expand a high-quality preschool program.
   A high-quality program includes structural elements that are evidence-based and nationally recognized as important for ensuring quality. Implementation under this grant program must meet the requirements of a high-quality preschool program, as defined in the U.S. Department of Education's Preschool Development Grants program. Under this definition, program must have:
       (A) High staff qualifications, including a teacher with a bachelor's degree in early childhood education or a bachelor's degree in any field with a state-approved alternative pathway;

       (B) High-quality professional development for all staff;

       (C) A child-to-instructional staff ratio of no more than 10 to 1;

       (D) A class size of no more than 20 with, at a minimum, one teacher with high staff qualifications;

       (E) A full-day program;

       (F) Inclusion of children with disabilities to ensure access to and full participation in all opportunities;

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

(G) Developmentally appropriate, culturally and linguistically responsive curricula, and learning environments that are aligned with the state early learning and development standards for at least the year prior to kindergarten entry;

(H) Individualized accommodations and supports so that all children can access and participate fully in learning activities;

(I) Instructional staff salaries that are comparable to the salaries of local K-12 instructional staff;

(J) Program evaluation to ensure continuous improvement;

(K) On-site or accessible comprehensive services for children and community partnerships that promote families' access to services that support their children's learning and development;

(L) Evidence-based health and safety standards.

3. The LEA has assessed the benefits of contracting with a community-based provider to provide the high-quality preschool programs for students enrolled in an elementary school implementing the model, either at the TTIPS campus or through an existing high-quality child care or Head Start program within the LEA or nearby community. The LEA is aware that the preschool is not required to be physically located in the eligible elementary school. However, students must be enrolled in the grantee school that is implementing the early learning model to receive preschool services funded through the grant program.

4. Provide educators, including preschool teachers, time for joint planning across grade levels.

5. Replace the principal who led the school prior to the commencement of the early learning model.

6. Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--
    (A) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
    (B) Are designed and developed with teacher and principal involvement;

7. Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so.

8. Implement strategies such as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain high quality educators.

9. Use data to identify and implement an instructional program that is:
    (A) Research-based;
    (B) Developmentally appropriate;
    (C) Vertically aligned from one grade to the next as well as aligned with State academic standards;
    (D) Promotes academic content across a range of development: math and science, literacy and language, socio-emotional skills, self-regulation, and executive functions.

10. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual

2015–2020 Texas Title I Priority Schools, Cycle 4

students.

11. Provide staff with ongoing, high-quality, job-embedded professional development such as coaching and mentoring that is:
    (A) Aligned with the school's comprehensive instructional program
    (B) Designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to implement school reform strategies.

12. Operate in compliance with all regulations in the Texas Pre-Kindergarten Guidelines (PKG).

13. Utilize Texas State Board of Education approved pre-kindergarten instructional materials.

14. Enroll in the Children's Learning Institute (CLI), CLI Engage platform, and utilize the Texas School Ready! child progress monitoring assessments with pre-kindergarten students.

If selecting the Early Learning Intervention model and receiving these grant funds to support the implementation, the full-day kindergarten and full-day pre-kindergarten programs must be offered free of charge to all enrolled students.

| 10. | The LEA/campus provides assurance that if it selects to implement the **turnaround model**, the campus will meet all of the following federal requirements:

1. Replace the principal and grant the new principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to fully implement a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates;

2. Use locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students;
    (A) Screen all existing staff and rehire no more than 50 percent; and
    (B) Select new staff

3. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;

4. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;

5. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a new turnaround office in the LEA or SEA, hire a turnaround leader who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability;

6. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next, as well as aligned with State academic standards;

7. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;

8. Establish schedules and strategies that provide increased learning time; using a longer day, week or |

	year; and by addressing each of the following areas:
	(A) Additional time for instruction in core academic subjects including English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

year; and by addressing each of the following areas:

   (A) Additional time for instruction in core academic subjects including English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.
   (B) Additional time for instruction in other subjects and enrichment activities that contribute to a well-rounded education, including, for example, physical education, service learning, and experiential and work based learning opportunities that are provided by partnering, as appropriate, with other organizations.
   (C) Additional time for teachers to collaborate, plan, and engage in professional development within and across grades and content areas.

9. Provide appropriate social-emotional and community-oriented services and supports for students.

If selecting the turnaround model, the applicant agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.

11. The LEA/campus provides assurance that if it selects to implement the **Whole-School Reform model**, the campus will meet all of the following federal requirements:

1. Implement an evidence-based whole-school reform in partnership with a model developer.
   (A) The model developer is an entity or individual that either has proprietary rights to the model or an entity or individual that has a demonstrated record of success in implementing whole-school reform models in one or more low-achieving school.

2. The whole-school reform model selected must be supported by at least one study that demonstrates its efficacy. The federal SIG office has approved specific whole-school reform models that meet this evidence standard; published here: http://www2.ed.gov/programs/sif/sigevidencebased/index.html
   These approved models are supported by:
   (A) A study of efficacy that meets What Works Clearinghouse evidence standards.
   (B) A study that shows statistically significant favorable impact on a student academic achievement or attainment outcome.
   (C) A study which used a large sample and multi-site sampling.

3. Evidence supporting the efficacy of the whole-school model selected is based on an implementation with a sample population or setting similar to the population or setting of the school being served. The whole-school model must be designed to improve academic achievement or attainment.

4. The whole-school model must implement the model for all students in the school.

5. The whole-school model must address at a minimum and in a comprehensive and in a coordinated manner:
   (A) School leadership
   (B) Teaching and learning in at least one full academic content area
   (C) Non-academic supports for students
   (D) Family and community engagement

12. The LEA/campus provides assurance that if it selects to implement the **restart model**, the campus will meet all of the following federal requirements:

1. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.

2. Select a CMO or EMO using a rigorous review process. This rigorous review process is a determination by the LEA that the CMO is likely to produce strong results for the school, by an assessment that schools currently operated by the CMO or EMO have produced strong results over that last three years, indicated

	by: (A) significant improvement in academic achievement (B) success in closing achievement gaps either within a school or relative to other public schools (C) High school graduation rates (D) No significant compliance issues in the areas of civil rights, financial management and student safety. 3. Enroll, within the grades it serves, any former student who wishes to attend the school. If selecting the Restart Model, the applicant will contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
13.	The LEA/campus provides assurance that if it selects to implement the **closure model**, the campus will meet all of the following federal requirements: 1. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available. A grant for school closure is a one-year grant without the possibility of continued funding.
14.	The LEA/campus provides assurance that is aware that Rural LEAs are eligible to propose a modification to an element of the transformation or turnaround model. The LEA/campus has examined their eligibility to propose a modification, and assessed best-fit and benefits to proposing a modification. Under federal regulations for this program, a **Rural LEA applicant** may propose to modify one element of the transformation or turnaround model, but only in a manner that the modification meets the original intent and purpose of the element and does not eliminate the element from the resulting implementation plan. Applicants eligible to propose a modification are only those identified as eligible for the U.S Department of Education Rural and Low Income program. Eligibility lists are available here: http://www2.ed.gov/programs/reaprlisp/eligible14/index.html

15.	The LEA/campus provides assurance that if it selects to implement the **Whole-School Reform model**, the campus will meet all of the following federal requirements:
	
	1. Implement an evidence-based whole-school reform in partnership with a model developer.
	    (A) The model developer is an entity or individual that either has proprietary rights to the model or an entity or individual that has a demonstrated record of success in implementing whole-school reform models in one or more low-achieving school.
	
	2. The whole-school reform model selected must be supported by at least one study that demonstrates its efficacy. The federal SIG office has approved specific whole-school reform models that meet this evidence standard; published here: http://www2.ed.gov/programs/sif/sigevidencebased/index.html These approved models are supported by:
	    (A) A study of efficacy that meets What Works Clearinghouse evidence standards.
	    (B) A study that shows statistically significant favorable impact on a student academic achievement or attainment outcome.
	    (C) A study which used a large sample and multi-site sampling.
	
	3. Evidence supporting the efficacy of the whole-school model selected is based on an implementation with a sample population or setting similar to the population or setting of the school being served. The whole-school model must be designed to improve academic achievement or attainment.
	
	4. The whole-school model must implement the model for all students in the school.
	
	5. The whole-school model must address at a minimum and in a comprehensive and in a coordinated manner:
	    (A) School leadership
	    (B) Teaching and learning in at least one full academic content area

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

	(C) Non-academic supports for students
	(D) Family and community engagement
16.	The applicant provides assurance that student families and the campus community were engaged in planning for the grant application, and the campus/district took action to solicit input from these stakeholders. This input was taken into consideration when selecting the model to implement. If awarded, the applicant commits to meaningfully engage families and the community in the implementation of the selected model on an ongoing basis.
17.	The applicant provides assurance that if selected for award, the applicant will fully engage in grant negotiations managed by TEA. These negotiations may include additional clarifications and modifications to activities, budget and performance targets proposed, if it is determined by TEA that federal requirements will not be met though the proposed program.
18.	The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant. The applicant also provides assurance that TEA will be notified immediately of any changes to this contact.
19.	The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, and other periodic meetings of grantees, the Advancing Improvements in Education Conference, and sharing of best practices.
20.	The applicant provides assurance that it will continue to fully engage in all required elements of Texas Accountability Interventions System (TAIS) framework; regardless of model selected for implementation. All TTIPS grant awarded schools are required to submit an annual improvement plan and quarterly progress reports documenting school's continuous processes around data analysis, needs assessment, planning, implementation and monitoring; as delineated in the TAIS framework. If awarded under this grant opportunity, the applicant also provides assurance that it will engage in necessary effort to align and complement existing school improvement strategies, goals and interventions in their final approved TTIPS grant, in order to effectively deliver a single and comprehensive school improvement plan.
21.	The applicant provides assurance that at the close of the pre-implementation period, it will prepare and submit an Implementation Readiness Portfolio to the TEA TTIPS program office. Specific requirements for the portfolio are included in the Program Guidelines for this RFA. The applicant understands that support specialists in the TEA TTIPS program office will conduct a comprehensive review and assessment of the Implementation Readiness Portfolio and qualitative data obtained through onsite observations and staff interviews. The applicant assures it will engage with the TEA program office to provide clarifications and adjustments to the portfolio, based on the review and assessment recommendations.
22.	The applicant provides assurances that it will participate in and make use of technical assistance and coaching support provided by TEA and/or its subcontractors.
23.	The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
24.	The applicant will provide access for onsite visits to the LEA and campus by TEA and its contractors.
25.	The LEA/campus assures TEA that data to meet federal requirements will be available and reported as requested. A list of required data elements is included in the Program Guidelines for this RFA.

Schedule #4—Request for Amendment

County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 1: Submitting an Amendment

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail *or* by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Division of Grants Administration, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-7915.

The last day to submit an amendment to TEA is listed on the TEA Grant Opportunities page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend" guidance posted in the Amendment Submission Guidance section of the Division of Grants Administration Administering a Grant page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

Part 3: Revised Budget

Schedule #5—Program Executive Summary	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver.

Please focus the response on the qualities that enable this specific campus and district team to achieve foundational pursuits of a school improvement undertaking: **accelerated achievement, system transformation,** and **sustained reform.**

Summarize the district commitments to achieve foundational elements through the district's:
- **Vision and focus for school reform**
- **Sense of urgent need for change**
- **High expectations for results**
- **Operational flexibilities that will be afforded the campus in a reform effort**

Summarize the district and campus capacity and ability to benefit from this grant in terms of:
- **Organizational structures**
- **Existing capacity and resources**
- **Communication structures**

Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Charlotte ISD's Charlotte Elementary has been identified as a Focus campus. Utilizing TTIPS funds, the campus will implement an **Early Learning Intervention Model** at the campus that will increase student achievement by establishing a high-quality preschool program. The program will include structural elements that are evidence-based and nationally recognized as important for ensuring accelerated achievement, profound and radical transformation, and sustained reform.

The district has devised a program that demonstrates a clear ability to benefit from grant resources based on their vision for school reform, district commitments, and existing district capacity and resources, along with well-planned organizational and communication structures that will enable reforms to take place. *(10 pts.)*

Vision and Focus for School Reform: In order to insure the success of the program in implementing long-term reforms, Charlotte Elementary administration will work with staff and community members to build a collective educational vision that is clear, compelling, and connected to teaching and learning. This collective vision will help the campus to focus on what is important, motivate staff and students, and increase the sense of shared responsibility for student learning. School Reform will address the following areas:
- Enhancing the full-day Kindergarten Program;
- Expanding the Pre-school Program;
- Ensuring staff includes a teacher with a bachelor's degree in early childhood education or a field within a state-approved alternative program;
- Providing high-quality professional development training to all staff;
- Restructuring classes to ensure that class sizes do not exceed 20 students and that the child-to-instructional ratio is no more than 10:1;
- Reviewing instructional salaries in order to ensure that they are comparable to the salaries of local K-04 staff;
- Providing comprehensive services that encourages parental involvement;
- Improving students access to technology and curriculum that is research-based and proven to increase students' academic performance; and
- Partnering with an Evaluation Team that will conduct surveys, review data, and do classroom walk-throughs in order to identify areas of concerns.

Sense of Urgent Need for Change: The district understands that lasting change cannot occur without the commitment of the teachers, staff, community members, and parents. Therefore, the district has outlined the real threats that the campus faces. Threats include:
- Campus staff may face termination or may not have their contracts renewed;
- Campus staff may be reassigned to a different campus;
- The Texas Education Agency may assign a management team or monitor to oversee the campus operations. Include conducting interviews and surveys, monitoring expenditures, conducting walkthroughs, and more; and
- The campus may be closed down and students may be reassigned to other campuses.

These threats are designed to be tied to a positive vision for education excellence that will help ensure buy-in from key stakeholders; thus, enforcing successful and consistent program implementation.

Schedule #5—Program Executive Summary (cont.)		
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):	

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

High Expectations for Results: The vision for campus reform will be monitored by setting measurable goals that must be met. Each goal will be aligned to one of the seven Critical Success Factors that have been identified by TEA as being impactful to achieving continuous school improvement. These include: 1) Improving academic performance; 2) Increasing teacher quality; 3) Increasing leadership effectiveness; 4) Increasing use of quality data to drive instruction; 5) Increasing learning time; 6) Increasing family/community engagement; and 7) Improving school climate. Goals include the following:

PROGRAM GOALS		
#	Goal	Critical Success Factor
1.	Increase the percentage of students who pass the STAAR reading test from **71%** to **80%** and will have a minimum of a **2%** increase each subsequent year.	Improve academic performance
2.	Increase the percentage of students who pass the STAAR writing test from **73%** to **83%** and will have a minimum of a **2%** increase each subsequent year.	Improve academic performance
3.	Increase the percentage of students who pass the STAAR math test from **62%** to **65%** and will have a minimum of a **3%** increase each subsequent year.	Improve academic performance
4.	The campus will increase their attendance rates from **95.9%** to **96.5%** and will have a **0.5%** increase each subsequent year.	Improve school climate
5.	The campus will create and hold **5** school-related functions annually for parents and community members in order to increase parental involvement.	Increase family and community engagement
6.	The campus will meet once a month to disaggregate data in order to refine classroom instruction, training plans, and program outcomes annually.	Increase the use of quality data to drive instruction
7.	The campus will conduct a minimum of **3** professional development trainings during Year 1 and a minimum of **5** during Years 2-5.	Increased teacher quality

In order to ensure that the district meets the program goals, milestones have been identified that will be used to measure whether or not the campus is on track. These milestones will serve as process-based goals that will help ensure that procedures, activities, and services are being conducted. Data will be collected through surveys, test and classroom grades, and PEIMS reports in order to monitor Performance Measures and determine whether the program is being successful in showing program growth.

Operational Flexibilities that will be Afforded the Campus in a Reform Effort: The district will provide the campus with operational flexibility, to include staffing, calendars, time, and budgeting) to implement a comprehensive approach to substantially increase student achievement. Initiatives will include:
- Provide teachers the opportunity to attend professional development trainings that support priority school initiatives;
- Extend learning time by 30 minutes in order to increase students' access to math and ELA academics;
- Meet with campus administrators to develop the Campus Calendar to include added opportunities to engage parents and community members in the student culture. This may include parent/teacher conferences, academic nights, etc.;
- Increased planning time provided through Professional Learning Communities; and
- Meet with instructional staff to determine what resources are needed to engage students. This may include technology, RtI software, and student performance incentives.

Organizational Structures: The organizational structures of the district are in place to support student achievement. This organizational structure will encourage the highest levels of performance and allow the district to achieve the program goals as defined in the vision of school reform. The campus organizational chart will provide staff, students, parents, and community members with clear lines of authority and accountability. Campus leaders, to include teacher mentors will be assigned to provide direct guidance to new and struggling teachers.

Existing Capacity and Resources: The campus will build upon existing capacity and resources that are available at the campus and district level. This will include moving teachers and staff that have a proven record of success with stipends to serve as teacher mentors, converting existing campus space to serve as computer labs, enhancing existing academic programs, such as after-school tutorials and reading clubs, etc. in order to target additional students.

Communication Structures: The campus will schedule quarterly meetings with district and campus administration in order to review the program's progress. The meetings will be open to the public in order to encourage parent and community participation and ensure program transparency. Stakeholders will be notified of dates of meetings through flyers, which will be posted throughout the school, community, as well as, be sent home to parents; campus marque; campus website; and through the parent notification service. In addition, the meetings will be uploaded to the district and campus websites so that all interested parties that could not attend can view at their own convenience.

Schedule #6—Program Budget Summary

County-district number or vendor ID: **007-901** | Amendment # (for amendments only):

Program authority: P.L. 107-110 ESEA, as amended by the NCLB Act of 2001, Section 1003(g)

Grant period: January 1, 2016, to July 31, 2020, pending future federal allocations. Pre-award costs are permitted from October 1, 2015, to December 31, 2015. | Fund code: 276

Budget Summary

Schedule #/Title	Class/Object Code	Year 1 Program Cost	Year 1 Admin Cost	Amount of Year 1 as Pre-award	Year 2 Program Cost	Year 2 Admin Cost	Year 3 Program Cost	Year 3 Admin Cost	Year 4 Program Cost	Year 4 Admin Cost	Year 5 Program Cost	Year 5 Admin Cost	Total Budgeted Cost across all Years
#7-Payroll Costs	6100	$316,582	$0	$62,742	$392,645	$0	$392,645	$0	$392,645	$0	$392,645	$0	$1,887,162
#8-Professional and Contracted Services	6200	$148,214	$36,606	$33,377	$117,451	$31,411	$117,434	$31,381	$117,435	$31,382	$84,141	$27,794	$743,249
#9-Supplies and Materials	6300	$114,300	$0	$7,511	$95,383	$0	$95,402	$0	$95,422	$0	$52,572	$0	$453,079
#10-Other Operating Costs	6400	$14,300	$0	$3,900	$10,130	$0	$9,500	$0	$9,500	$0	$9,500	$0	$52,930
#11-Capital Outlay	6600/15XX	$291,000	$0	$0	$51,000	$0	$51,000	$0	$51,000	$0	$51,000	$0	$495,000
Consolidate Administrative Funds		☐ Yes X No											
3.356% indirect costs (see note):		N/A	$0	N/A	N/A	$0	N/A	$0	N/A	$0	N/A	$0	$0
Grand total of budgeted costs (add all entries in each column):		$884,396	$36,606	$107,530	$666,609	$31,411	$665,981	$31,381	$666,002	$31,382	$589,858	$27,794	$3,631,420

Administrative Cost Calculation

Enter the total grant amount requested:	$3,631,420
Percentage limit on administrative costs established for the program (5%):	5%
Multiply and round down to the nearest whole dollar. Enter the result. This is the maximum amount allowable for administrative costs, including indirect costs:	$181,571

NOTE: Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. If indirect costs are claimed, they are part of the total grant award amount. They are not in addition to the grant award amount.

Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Do not submit an amendment solely for the purpose of budgeting indirect costs.

NOTE:

- No more than $2,000,000 per year may be requested.
- Year 1 is designed to be a planning/pre-implementation period, lasting from January 1, 2016, to July 31, 2016. Costs budgeted for this period should be reasonable and necessary for the shorter time period and type of activity.
- Years 2, 3, and 4; operating in school years 2016-2017, 2017-2018, and 2018-2019, are designed to be full implementation years.
- Year 5; operating in school year 2019-2020, is designed to be a supported sustainability year. Costs budgeted for this period should be reasonable and necessary for the type of activity.

Part 2: Student Demographics- Comments

·Please use this section to add a description of any data about students that was not specifically requested, but is important to understanding the population to be served by this grant program.

Additionally, use this space to describe trends in data, related to students seen over time in areas that are important to understanding your program plan. Applicants must include supporting evidence to explain trends. For example, projected enrollment growth would need to be supported with a report of percent gains in enrollment over the past several years. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The campus has been identified as a Focus campus, which was been rated "Improvement Required" for the 2013 Accountability Ratings, as posted in the Texas Accountability Ratings System for Texas Public Schools and Districts. This rating was assigned to the campus based upon the following reasons:

STAAR Test Results: A review of the TAPR results for 2011-1014 school-years indicate that Charlotte Elementary has a history of consistently falling beneath the state's average on the number of students who meet the standard in each of the tested areas. In fact, the campus had only **67%** of its student's pass all sections of the STAAR test for the 2013-2014 school-year. This is 10% below the state's average of 77%. The table below illustrates that a trend exists in the campus's inability to meet state standards.

NEEDS ASSESSMENT TREND RESULTS						
Year	Math		Reading		Writing	
	Campus	State	Campus	State	Campus	State
2013-2014	62%	78%	71%	76%	73%	76%
2012-2013	48%	79%	61%	80%	36%	76%
Source: *2012-2013 and 2013-2014 Texas Academic Performance Report (TAPR)*						

Student Demographics: The gaps between the campus and state standards can be attributed to the campus high percent of economically disadvantaged students that are derived from minority groups. The table below details the campus demographics in comparison to the state's demographics:

STUDENT DEMOGRAPHICS						
	Economically Disadvantaged		At-Risk		Ethnicity Hispanics	
Year	Campus	State	Campus	State	Campus	State
2013-2014	70.60%	60.2%	52.80%	49.9%	81.80%	51.80%
2012-2013	67.90%	60.4%	36.70%	44.7%	83.70%	51.30%
2011-2012	71.90%	60.4%	33.50%	45.4%	83.70%	50.80%
Source: *2011-2012 Academic Excellence Indicator System and 2012-2013 and 2013-2014 Texas Academic Performance Report (TAPR)*						

Time-Related Data: In addition to the data listed above, the data provided in the table below also details how performance at school directly impacts the students' future outcomes. Since students who do not start off on a good foundation tend to struggle throughout the rest of their educations, these students tend to drop out prior to graduation, have attendance issues, and/or choose not to attend college. This leads to the high percentage of individuals in the area that are designated as living in poverty and/or unemployed.

TIME RELATED DATA						
	Drop Out		College Enrollment		Living in Poverty	
Year	District	State	District	State	City	State
2013	31.50%	18.7%	20.70%	55.8%	26.80%	17.6%
2012	29.00%	19.4%	16.80%	55.4%	26.10%	17.4%
2011	18.00%	19.9%	12.50%	54.7%	27.50%	17.0%

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Charlotte Elementary has an average class size of 16.5. These numbers are higher than the state's ratios of 15:4.

When this data is coupled with the level of teaching experience at the campus, it is easy to see why students are consistently scoring below the state's standards. The table below shows the trends in teaching staff in conjunction with their experience, educational attainment, and pay.

CAMPUS TEACHER ASSESSMENT TRENDS						
Year	**Beginning Teachers**		**Educational Attainment (Bachelors or Lower)**		**Average Pay for 5 Years or Less Experience**	
	Campus	**State**	**Campus**	**State**	**Campus**	**State**
2013-2014	**21.40%**	8.3%	**83.80%**	76.3%	**$40,600**	$45.379
2012-2013	**15.40%**	7.0%	**81.00%**	76.3%	**$39,150**	$44,354
2011-2012	**32.50%**	33.3%	**85.00%**	76.7%	**$39,467**	$43,669
Source:*2011-2012 Academic Excellence Indicator System and 2012-2013 and 2013-2014 Texas Academic Performance Report (TAPR)*						

As can be seen in the table above, once teachers have accumulated more than 5 years of experience, they traditionally leave for larger and more prestigious school districts that can pay them a higher salary. This directly impacts the students' performance since they are constantly being taught by novice teachers that lack the confidence and training to motivate the students and manage the classroom.

One of the key reasons for the high teacher turnover is the lack of support and resources each teacher has available to them. No established procedures or programs are in place to provide teachers with a structured training plan. This includes the lack of teacher mentoring, collaboration, and advancement.

While the district understands the importance in providing teachers with collaborative opportunities and support, the district is faced with the difficult task of organizing and generating buy-in from teachers for this to succeed. Therefore, in order to foster an open, supportive and collaborative campus culture that will allow teachers to seek and attain growth within their field, the district requires the funds to:

- Hire an individual that will be directly responsible for organizing and overseeing the creation of the teacher support systems, to include Professional Learning Communities (PLC), a Teacher Mentor Program;
- Provide extra-duty pay to teachers in order to motivate them to not just attend, but to actively take part of and support the new teacher support system; and
- Implement a Teacher Incentive Program that will be offered to teachers that demonstrate growth and improved student academic results.

Through these measures, the district is confident that it can successfully increase the teachers' capabilities, but can also create an added sense of community within the campus. This will ensure that teachers share in the success and failures of the school and push to excel in their teaching strategies.

Schedule #13—Needs Assessment	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Continuous improvement is a systematic approach in school reform, including processes for data analysis, problem identification, root cause analysis, goal setting, intervention design, implementation, monitoring, and evidenced-based progress reporting.

Part 1: Process Description. Describe the process and activities in which you engaged to conduct a data analysis and needs assessment; and select the model, goals, and interventions to be implemented under this grant. **In the description, include the team members involved in the planning process, frequency and timeline of planning meetings, and key activities/strategies used to facilitate decision making.**

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Needs Assessment Process: In preparation for the submission of the Texas Title I Priority Schools (TTIPS), Cycle 4 grant, the district analyzed the needs of Charlotte Elementary. Elements of the needs assessment included the review of the instructional programs that are currently being utilized at the campus, the experience/capabilities of the school leadership team, and the infrastructure that is available for student and teacher use. The goal for the district was not just to identify the areas of need, but to also identify the root cause for the problems. The following is a description of the process and activities that the district utilized to conduct the campus needs assessment and to analyze the data.

Needs Assessment: In conducting the campus needs assessment, the district collected and reviewed the following data:

- Daily assignment scores
- Attendance records
- Teacher and staff participation
- Quality of available resources
- Parental involvement documentation (sign-in sheets)
- Student and teachers accessibility to resources
- Test scores
- PEIMS 425 records
- Teacher and staff experience
- Teacher and staff recent performance evaluations
- Quality/dependability of partners and vendors
- Campus hours of operation

Each of these areas was compared to the campus and state data in order to identify which areas required improvement.

Model Selection and Planning Process: The district and campus administration met with key stakeholders to review the results of the needs assessment and determine how to best prioritize the campus' needs. Stakeholders included: Superintendent, Campus Principal, Business Manager, Payroll/Human Resources, Counselor, and Teachers. In all, a total of one planning meeting was held each semester. During these meetings, gaps, barriers, and weaknesses were identified and key qualitative dimensions (i.e. priority, severity, urgency, complexity, or mandatory requirements) that support prioritization were applied. Since a significant gap was identified in the students' academic scores and teacher experience, the district chose to implement the TTIPS **Early Learning Intervention Model**. This would allow the campus to utilize funds to restructure and enhance existing resources and programs, while also implementing new programs that are research-based and effective.

Decision-Making Activities/Strategies: To facilitate the decision-making process and ensure that a wide range of ideas were considered the district provided all stakeholders with the list of the campus's identified gaps and needs. Stakeholders were encouraged to submit their ideas for solutions. All suggestions were compiled into one document and reviewed as a whole during the following scheduled planning meeting. The attending stakeholders chose the solutions that provided the best chance for generating campus reform while still conforming to the parameters of the TTIPS Program.

Goals and Interventions: The following goals and interventions were selected:

- Enhancing the full-day Kindergarten Program;
- Expanding the Pre-school Program;
- Providing a teacher with a bachelor's degree in early childhood education or a state-approved alternative program;
- Providing high-quality professional development training to all staff;
- Reviewing instructional salaries in order to ensure that they are comparable to the salaries of local K-04 staff;
- Providing comprehensive services that encourages parent involvement;
- Improving students access to technology and curriculum that is research-based and proven to increase students' academic performance;
- Partnering with an Evaluation Team that will identify areas of concerns.
- Increasing planning time provided through Professional Learning Communities;
- Providing teachers with additional professional development trainings that support priority school initiatives;
- Extending learning time by 30 minutes in order to in order to increase students access to math and ELA academics;
- Restructuring classes to ensure class sizes do not exceed 20 students and the child-to-instructional ratio is no more than 10:1; and
- Meeting with campus administrators to develop the Campus Calendars to include added opportunities to engage parents and community members in the student culture.

Schedule #13—Needs Assessment (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 2: Model Selection and Best-Fit. Indicate the intervention model selected by the district/campus for implementation. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

☐ Transformation

    ☐ with Rural LEA Flexibility modification

☐ Texas State-Design Model

☒ Early Learning Intervention Model

☐ Turnaround

    ☐ with Rural LEA Flexibility modification

☐ Whole-School Reform

☐ Restart

☐ Closure

Part 3: Please describe/demonstrate why the selected intervention model best meets the unique needs of the school. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The district has opted to go with the Early Learning Intervention Model. *(20 Priority Pts.)* The district clearly understands that families, early care and educational professionals, and communities can all share accountability for the academic development and well-being of the students. Since children's brain and social-emotional development are most active in the early years of their life, it is imperative that the campus collaborate with these individuals to develop learning opportunities in a variety of settings and situations. This is especially important since young children grow and learn best when all of the adults in their lives understand child development and are consistent with each other. (**Source:** *Core Competencies for Early Care and Education Professionals, 2009*)

The **Early Learning Intervention Model** was selected because it would provide a framework of developmentally appropriate expectations for children that can guide the creation, evaluation, and improvement of conditions necessary for children's educational development. It is anticipated that the combined efforts of families, early care and educational professionals, and communities will provide expanded opportunities for positive development and learning experiences.

The proposed **Early Learning Intervention Model** will facilitate the collaboration between all stakeholders and will lend itself to provide opportunities for promoting dialogue across settings and strengthening the early care and education system. Careful articulation of early learning standards will provide a common vision among all stakeholders and will unite early care and education programs at the campus.

The acquisition of research-based resources through grant funds will support this vision and ensure the success of the program. These resources will include:
- Technology and hardware;
- RtI Curriculum;
- Hands-on STEM-related manipulatives;
- Literacy resources; and
- Early intervention notification programming.

Schedule #13—Needs Assessment (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 4: Model Selection-Stakeholder Input. Please describe how student families and community members were engaged in the needs assessment and planning process:

- Describe specific actions the campus/district took to solicit input from these stakeholders in selecting the model.
- Describe how this input was taken into consideration when selecting the model.
- Describe plans to meaningfully engage families and the community in the implementation of the selected model on an ongoing basis.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Actions Taken to Solicit Input from Stakeholders in Selecting the Model: As the district and campus began reviewing the TTIPS Program guidelines and trying to determine which intervention model would be followed, it was determined that family and community input would be required to ensure their support and participation. The district and campus staff identified which methods would be most effective in engaging these stakeholders and gathering input. Outreach was conducted through the following methods: Email, Parental Involvement Committees and Events; Professional Associations, Website, Direct Mailings, and Social Media.

Family and the community members were meaningfully engaged in assessing the program needs and selecting the school improvement model. *(10 pts.)* Once the public had been notified of the district's plan to apply for funding, a meeting was held that was open to the public. This meeting provided the district with the opportunity to educate the families and community members of the different intervention models that were available. A breakdown of each intervention was provided that included a list of possible benefits and downsides. In addition, families and the community members were provided with relevant data that detailed the area of weaknesses for the campus.

How Input Was Taken into Consideration when Selecting the Model: As part of the discussion, the district and campus administration informed the families and community members of the following key requirements that would need to be met as part of the **Early Learning Intervention Model**:

- The need to increase classroom learning time and how this would result in either an earlier start time or later end of day schedule.
- The need to have family and community members be a part of the Implementation Team.
- The need for families and community members to take a more active role in campus activities.

The meeting was opened for discussion in order to allow the families and community members to ask questions and provide suggestions. At the conclusion of the meeting, the administrative staff utilized a show of hands in order to determine which intervention model the public would most support. The families and community unanimously agreed that based on the intervention models designs and the goals of the campus, the **Early Learning Intervention Model** would meet most of the needs for the district and campus.

Plans to Meaningfully Engage Families and Community in the Implementation on an on-going Basis: Family and community members will be meaningfully engaged in an on-going basis through the implementation of the program. *(10 pts.)* In order to ensure that family and community members remain engaged throughout the implementation of the program, the administrative staff has designed the following strategies:

- Parents and community members will be provided with quarterly updates that details students' academic and behavioral growth. This notice will be sent to parents and community members via email and through a flyer. The flyer will include the date of the next Advisory Meeting to be held. During the Advisory Meeting, time will be allotted for families and community members to voice concerns and provide feedback.
- The campus calendar will be enhanced in order to include added opportunities to engage family and community members. This may include: Parent/Teacher Conferences, Parent/Community Academic Nights, etc.
- The campus and TTIPS staff will ensure that family and community members are a part of the Implementation Team throughout the Program. In the event that an individual can no longer take part in these meeting or fails to attend, the TTIPS District Coordinator of School Improvement (DCSI) will look for replacements.

Schedule #14—Management Plan	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 1: Staff Role and Qualifications. List campus and district personnel projected to be involved in the implementation and delivery of the program. Include all positions funded in whole or part by grant resources, along with those personnel involved in the implementation, but not funded through the grant. Provide a brief description of the position role/function in the grant; and desired qualifications, type and years of experience, and requested certifications. Ensure that the list and descriptions demonstrate the district will provide effective oversight and support for implementation of the selected model. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Title	Role/Function in Grant	Desired Qualifications, Experience, Certifications
1.	**District Coordinator of School Improvement (DCSI) (required)**	Lead the campus through the implementation of long-term reforms, as set forth in the TTIPS **Early Learning Intervention Model**. This includes operating in compliance with all regulations in the Texas Pre-Kindergarten Guidelines (PKG), enrolling in the Children's Learning Institute (CLI), and contracting with a community-based provider to provide the high-quality preschool programs.	• Qualifications will include: Experience Managing Programs, Budgets, Personnel, and vendors. • A minimum of 5 years of experience in a related field. • Bachelor's Degree in Educational Management Field preferred.
2.	**Superintendent**	Obligate the district to grant activities according to state regulations. Ensure no previously allocated funds are diverted from the campus because of its acquisition of TTIPS funding. Support and provide oversight to the program by attending scheduled TTIPS meetings and reviewing collected data results.	• Qualifications include: reviewing budgets, managing personnel, and overseeing programs. • 40 years of experience in a related field. • Master of Arts in Education, Principal Certification, and Superintendent Certification.
3.	**Principal**	Monitor the implementation of the program and ensure that all stakeholders are kept abreast of program growth and outcomes. Will ensure that all staff, teachers, parents, community members, and students participate in all surveys and questionnaires conducted by TEA and the External Evaluation Team.	• Qualifications include: Texas Principal Certification. • Two (2) years of experience as principal and 22 years in education. • Bachelors of Arts in Interdisciplinary Reading, Masters' of Science in Introducing Technology.
4.	**Implementation Team**	Meet regularly to discuss the progress of the TTIPS Program, review all data results, and address any significant issues. Will propose solutions to issues and address any changes that may need to be made to the approved TTIPS grant.	• Qualifications include: Experience serving on boards, planning functions, and assisting students. • 2 Years of Experience.
5.	**Technology Director**	Research all proposed technology and software to be purchased through grant funds. Will ensure the campus has the infrastructure needed to support all new hardware and software. Will work with the DCSI and Business Office Manager to place orders. Will receive all new hardware and software and prepare it for student and teacher use.	• Qualifications include: Certified Ethical Hacker, CCNA, and Security Plus. • 20 years of Experience • Criminal Justice Administration Bachelors of Arts.
6.	**Business Office Manager**	Ensure no previously allocated funds are diverted from the campus because of its acquisition of TTIPS funding. Will review all expenditures in order to ensure they are allowable through grant funds. Will ensure that all expenditures are properly coded prior to being submitted.	• Qualifications include: Managing budgets and submitting expenditure reports. • 20 years of experience. • Business Finance.
7.	**Teacher Mentors**	Provide new and struggling teachers with oversight and training. Serve as the facilitator during all planning learning times. Conduct classroom walkthroughs on all assigned teachers in order to provide feedback and suggestions.	• Qualifications: EC-8, EC-8 • Minimum 8 years of experience. • Early Childhood Reading, ESL, General Business, and EC-8 Generalist.

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 2: External Provider Role and Qualifications. List all external provider contractors/consultants, selected by the district/campus, that are projected to be involved in the implementation and delivery of the program. Provide a brief description of the provider's unique function in the grant; and desired qualifications, experience, and requested certifications. Do **not** include contractors/consultants provided by the TTIPS SEA office (PSP, TCDSS or TEA staff). Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Title	Role/Function in Grant	Desired Qualifications, Experience, Certifications
1.	National School Climate Center	Will assist the campus in promoting a positive and sustained school climate, which will include a safe, supportive environment that nurtures social and emotional, ethical, and academic skills. This will be accomplished by providing access to online surveys, school climate portal, Comprehensive School Climate Inventory (CSCI) Report, and Action Worksheets.	• Founded in 1996, Columbia University. • President is Jonathan Cohen, Ph.D. • Assisted more than 230 schools across 24 states in the United States.
2.	Children's Learning Institute (CLI)	Will assist the campus in implementing the Texas School Ready! Project as an early education approach. Will increases students' school readiness through five evidence-driven components: research-based curriculum, technology-driven child progress monitoring, facilitated teacher professional development, ongoing teacher mentoring, and sustainability.	• 10 years' experience in implementing the Texas School Ready! Program. • Experience serving more than 2,000 teachers. • Experience serving more than 350,000 at-risk students in Texas.
3.	Comprehensive Training Center (CTC) Evaluation Team	Will use rigorous, transparent, and equitable evaluation systems that employ both formative and summative data. Will conduct surveys, administer questionnaires, and conduct walkthroughs in order to collect data. Will submit a detailed evaluation report that will include all findings of the evaluation.	• 10 years' experience in program evaluations similar in size and scope of the TTIPS Program. • Experience in collecting data and organizing it into a comprehensive report that details strengths, weaknesses, and suggestions for improvements.
4.	Comprehensive Training Center (CTC) Professional Development Team	Will provide a spectrum of trainings identified by the evaluation team from their formative and summative findings to help address students' academic, social and emotional needs for both students and parents.	• Over 15 years combined experience in providing customized professional development trainings similar in size and scope of the TTIPS Program. • Trainers will hold a minimum of a bachelor's degree in their expert field.
5.	TTIPS Instructional Coach (Region 20 ESC)	Will work directly with teachers to provide new instructional methodologies and best practices. Will be required to participate in surveys designed to gauge teacher participation, level of involvement, and the quality of the external consultant trainings that were provided.	• Experience serving as a highly qualified teacher and evaluating teachers. • A minimum of 5 years of experience in a related field. • Master degree preferred.
6.	Region 20 Education Service Center (ESC)	Will provide professional development training to teachers and staff to include: Creating a Positive Campus Climate, Classroom Walk-throughs with Reflective Practice, Applying Technology in the Classroom, Instructional Leadership Development (ILD), Mental Health, Bullying and Reporting Procedures, etc.	Individuals conducting services will be required to have: • A minimum of a Bachelor's Degree. • A minimum 5 years of experience.
7.	Program Evaluation & Educational Research Solutions (PEERS)	Will provide with district with a comprehensive professional development training plan that is designed to increase parent and community involvement, establish effective student-teacher relationships, and creating a learning and supportive structure outside the school environment.	Individuals conducting services will be required to have: • Experience providing workshops that are designed to increase parental participation. • Bachelor's Degree in Child Development or comparable.

Schedule #14—Management Plan (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 3: Commitment and Succession. Describe how the campus and district will ensure that all project participants remain committed to the project's success. Describe your succession management strategies and how this will enable the campus and district to deliver continuous high-quality programming when there are changes in key project personnel. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Methods described for recruiting, screening, and selecting external providers ensures highest possible quality in providers. *(10 pts.)*

Ensure all Project Participants Remain Committed to the Project's Success: The district and campus administrators feel confident that they have the capacity and commitment to provide adequate oversight and related services to the campus staff to implement, fully and effectively, the required grant activities of the **Early Learning Intervention Model**. The campus has demonstrated a great need for the funds as well as a strong commitment from the School Board, Superintendent, Campus Principal, Counselor, Teachers, Campus Administration, Parents, and Community Members to ensure that the funds are used to provide adequate resources to enable the campus to raise substantially the achievement of their students. During the implementation phase, staff will continue to utilize the support of the school, principal, teachers, parents, and community to fully integrate the proposed project.

Campus Support: The campus will appoint a District Coordinator of School Improvement (DCSI) to manage all activities, participate in staff development on topics determined from the campus needs assessment, enlist campus support for the initiative, and participate in all required trainings to include the Advancing Improvements in Education Conference. Campus faculty and administrators will participate in all staff development held at the school campus.

Teachers and Principal Support: As a part of the Early Learning Intervention Model, the National School Climate Center, Children's Learning Institute (CLI), Comprehensive Training Center (CTC), and PEERS will provide teachers and administrators with quality materials, research, and coaching to effectively implement actions to address key practices. Workshop and professional development training will provide all school personnel with an opportunity to actively develop improvement plans, review current school data, and determine next steps. The campus will visit high-performing sites with similar demographics to determine strategies likely to impact student achievement.

Succession Management Strategies: To ensure that the district and campus personnel are able to deliver continuous high-quality programming when there are changes in key project staff, the TTIPS **Early Learning Intervention Model** will incorporate succession management strategies. The strategies will be aligned to ensure that they are proactive and that they target every level of the organization. The diagram below details the research-based plan that will be utilized:

1. • Identify Professional Aspirations
2. • Conduct Skills Assessment
3. • Create Individual Development Plan
4. • Create Succession Plan
5. • Implement Development Activities and Evaluate Impact Plan
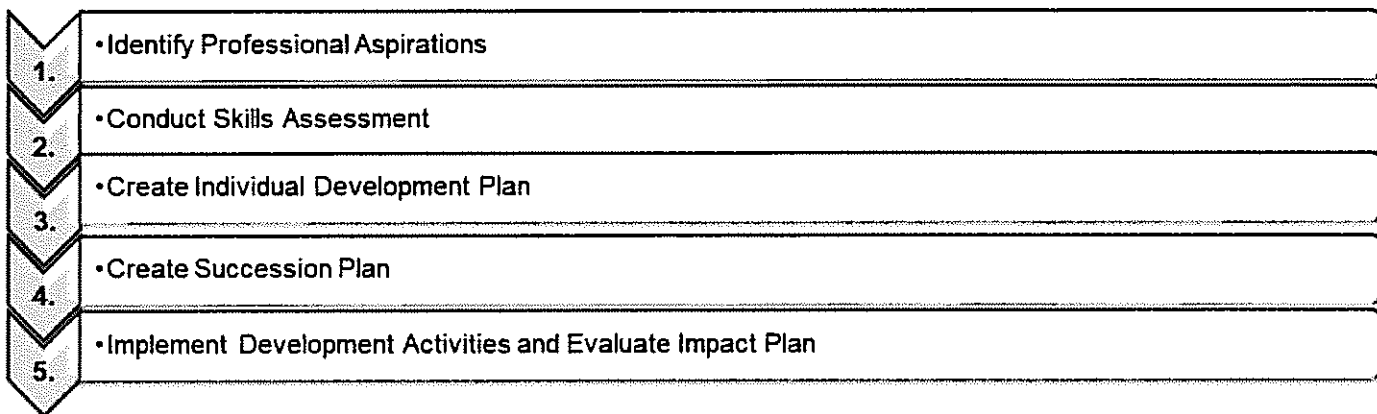

Through these succession management strategies, TTIPS staff will be trained in the role and function that they are assigned to and will be able to stand-in or support other key roles. This will especially be of use in the event that key personnel leave the district. Suitable replacements will be able to be garnered within the existing staff or if replacement personnel are brought in, such as a new Principal or Superintendent, exiting staff will be able to provide the new individual with support during the transitioning process.

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

Schedule #14—Management Plan (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 4: Sustainability. What elements of your proposed project are designed to significantly increase capacity or create a lasting change to campus culture and practices that shall be sustained after the grant period ends? How will the LEA provide continued funding and support to sustain the reform after the grant period ends?
Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

In designing the **Early Learning Intervention Model,** the campus proposes to provide initiatives and activities that once developed and implemented, would have the ability to be sustained after the TTIPS Program is completed. The goal of the program was not to provide an easy fix, but to restructure, enhance, and create new campus programs and procedures.

Increase Capacity: In order to increase capacity, the district understands that it needs to target teachers and devise a manner to elicit a higher level of skill, confidence, and passion from them. This would require providing teachers with professional development training, materials, and support needed to ensure teachers commitment not just to the program but also to Charlotte Elementary. These elements included the following:
- Contracting with Region **20** Educational Service Center to provide an Instructional Coach;
- Identifying teachers that have the experience and capacity to serve as teacher mentors;
- Providing teachers with professional development training designed to improve their classroom management skills, instruct new research-proven and provide effective teaching methods, etc.
- Provide training on the use of data to adapt classroom instruction; and
- Extend learning time to allow for added core area instruction.

Through these measures, teachers could positively impact students' performance.

Create Lasting Change: Capacity gained through the proposed project will create lasting change to campus culture and practices that can be sustained after the grant period ends. *(10 pts.)* Once teachers and staff are committed to the campus and the academic success of the students, the initiatives that have been created through the TTIPS Program will have the ability to continue to be successfully sustained even after grant funding ends.

As an example, by utilizing grant funds to train teachers to serve as Teacher Mentors, these individuals will become proficient with providing training and support to teachers assigned to them. This will create a rippling effect where new teachers that join the district are continued to be mentored and trained by their peers and in time, they themselves can serve as mentors. This same concept is consistent to all of the planned initiatives and activities that are projected for this program.

Continued Funding and Support: To support the added costs that will be associated with the initiatives (i.e. increased wages, extra-duty pay for planned activities, etc.), the district will actively dedicate funds or look for funding sources that help support and sustain this program over an extended period of time. For example, Title II, Part A funding will be utilized to continue to provide professional development training to Teacher Mentors, who will utilize the Trainer-of-Trainer model to impart knowledge to other teachers. This will help to ensure the district is able to support the cost for providing on-going training. Instructional Materials Allotment (IMA) funds will be utilized to purchase teaching materials that are research-proven to increase student participation and scores.

In addition, a sustainability plan will be enforced that will include the creation of a Handbook of Operating Procedures (HOOP). The HOOP will include an active and careful examination of the following approaches to seek effective avenues to ensure that the program continues beyond the grant period: make better use of existing resources; maximize federal, state, and local revenue; create more flexibility in existing streams; continue building public-private partnerships; and, generate newly dedicated revenue.

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:

Schedule #15—Project Evaluation

County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 1: Establishing Performance Measures. Describe the processes used to establish challenging yet attainable performance measures that will result in substantially improved student achievement and the campus' ability to exit lowest-performing status. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Processes Used to Establish Performance Measures: In the establishment of the performance measures for the TTIPS **Early Learning Intervention Model**, the TTIPS Implementation Team understood that it would be important that they be fashioned to encourage performance improvement, effectiveness, efficiency, and appropriate levels of internal controls. In addition, they would need to incorporate "best practices" related to the performance being measured and be aligned to the identified goals of the program. Therefore, performance measures were created that would align with the TTIPS Vision and Focus for School Reform and improve substantially students' achievement. Below are the steps that were followed:

- *Step #1:* Identify which activities and interventions can be utilized to impact each goal. This will help to ensure that all goals are tracked throughout the program and that modifications can be made to the program as needed.
- *Step #2:* Identify which resources/data source can be utilized to measure progress. (i.e. grade books, test, etc.)
- *Step #3:* Identify who will be the targeted group that will be surveyed or assessed.
- *Step #4:* Identify which individual will be responsible for inputting data and/or distributing data collection instrument. (i.e. surveys, sign-in sheets, etc.)
- *Step #5:* Identify the individual that will be responsible for collecting data.
- *Step #6:* Create a schedule for inputting and collecting data.

Campus' Ability to Exit Lowest-Performing Status: The district is setting high performance measures, proposes to incorporate profound and radical change, and will hold personnel accountable for meeting standards. By tracking these performance measures, the district can ensure the campus has continued growth not just at the end of each year, but instead a steady increase in students' academic and behavioral performance, parent and community involvement, and teachers' experience. This will help ensure the campus will meet their targeted goals and exit lowest-performing status.

Part 2: Data Collection. Describe the processes for collecting data at a detailed level to inform effectiveness of each intervention. Data at a detailed level would include examples such as: participation rates at the activity-level, dosage rates of an intervention per student, teacher practice observed rates at the targeted strategy-level, or academic outcome data at the activity-level per student. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

As indicated in *Part 1: Establishing Performance Measures*, the campus has identified various types of data that will be collected to inform campus staff on the effectiveness of each intervention and activity. This includes the following:

Qualitative Data: Will include:

- *Observations* - TTIPS DCSI, Principal, External Evaluation Team, and Instructional Coach will gather data by identifying and recording the characteristics and behavior of students, teachers, staff, parents, and community members through observation. This will be especially important in determining the success in improving the school's climate.
- *Interviews* – The DCSI and External Evaluation Team will conduct interviews on randomly selected teachers and students. The interview will include a set of standard questions that will be asked on a one-to-one basis in order to be able to obtain straightforward replies.
- *Focus Groups* – The External Evaluation Team will conduct focus group interviews on select groups. These groups will be brought together in order to be asked relevant and game changing questions. The goal will be to establish a dialog that can result in identifying common issues and encouraging input and suggestions.

Quantitative data: Will include:

- *Surveys* – The External Evaluation Team will conduct online large group surveys. These groups will include students, teachers, and parents. The surveys will be utilized to determine the success of the program by determining the number of individuals that are partaking in activities and interventions, how often they are participating, and the degree to which the participants are satisfied with the activities and interventions.
- *Generated Reports* – The DCSI, teachers, and PEIMS department will generate data reports that will be utilized to measure students' growth. This will include reports from RtI software programs, PEIMS 425 Reports, etc. These reports will be submitted to the External Evaluation Team to be utilized in the Evaluation Report that will be submitted to TEA and the district.
- *Progress Reports and Sign-in Sheets* – The teachers will be required to track students' daily assignments, attendance, and classroom behavior. Copies of the students' progress reports will be submitted to the DCSI for tracking. In addition, sign-in sheets will be collected and inputted into an electronic log.

Schedule #15—Project Evaluation (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Part 3: Assessing effectiveness of interventions. Describe the processes and staff responsible for assessing the effectiveness of program activities and interventions on an ongoing basis. How are problems with project delivery to be identified and corrected throughout the project?
Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point

The table below was created to provide details on the person that will be responsible for assessing the effectiveness of each program activity and intervention, as well as, how problems will be identified and corrected throughout the program.

ACTIVITY AND INTERVENTION ASSESSMENT

Goals # 1, 2, and 3:	Increase the number of students meeting standard in STAAR testing.
Responsible for Assessment:	District Coordinator of School Improvement (DCSI)

Activity/Intervention

- Extend learning time
- Professional Learning Communities
- Calendars includes parent/community member functions
- Professional development trainings
- Increased technology and software
- Expanding/enhancing of Pre-K and and Kindergarten classes

Assessment Process

- Focus Groups
- Surveys
- Sign-In Sheets
- Reports

Goals #4:	Decrease in truancy and absenteeism.
Responsible for Assessment:	DCSI, Teacher Mentor, and Instructional Coach

Activity/Intervention

- Professional development trainings
- Increased technology and software
- Calendars includes parent/community member functions

Assessment Process

- Observations
- Focus Groups
- Interviews
- Surveys
- Reports
- Sign-In Sheets

Goals # 5:	Increase in parent and community member participation.
Responsible for Assessment:	DCSI, Principal, and Teachers

Activity/Intervention

- Calendars includes parent/community member functions
- Increased technology and software

Assessment Process

- Observations
- Surveys
- Focus Groups
- Sign-In Sheets

Goals #6:	Increase in use of data to refine instruction.
Responsible for Assessment:	DCSI, Teacher Mentor, External Evaluation Team, and Instructional Coach

Activity/Intervention

- Professional learning communities
- Professional development trainings
- Extend learning time
- Calendars includes parent/community member functions

Assessment Process

- Reports
- Surveys
- Focus Groups
- Sign-In Sheets

Goals #7:	Growth and improvement in teacher performance.
Responsible for Assessment:	DCSI, Instructional Coach, Teacher Mentor, and Principal

Activity/Intervention

- Professional learning communities
- Professional development trainings
- Extend learning time
- Calendars includes parent/community member functions
- Review of wages

Assessment Process

- Reports
- Observations
- Surveys
- Interviews
- Focus Groups
- Sign-In Sheets

Data results and feedback will be reviewed. This information will be presented during the following implementation Meeting At which time the Implementation members will have the opportunity to discuss and select how any issues will be addressed. The DCSI will be responsible for ensuring that any changes to the program delivery are implemented immediately. If a change in the program is needed or a new vender is required, an amendment will be submitted to TEA for approval. All parents, teachers, staff, students, and community members will be notified of changes through email or flyer.

For TEA Use Only	
Changes on this page have been confirmed with:	On this date:
Via telephone/fax/email (circle as appropriate)	By TEA staff person:

Schedule #16—Responses to Statutory Requirements	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 1: Describe your rigorous review process used to select highest-quality and best-fit external providers for your project. Include processes to:
- Identify a reasonably sized pool of prospective external providers
- Assess level of experience in delivering the work
- Determine a history of prior success; consistent strong results in similar projects
- Conduct a risk-assessment related to contracting
- Execute final selection and procurement

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The district's TTIPS Implementation Team utilized a rigorous process to select high-quality external providers to conduct services and deliver products that would be instrumental to the school reform. In order to ensure the proper external providers were selected, the campus first reviewed needs of the campus, the goals of the program, and the planned services and initiative.

The staff and external providers on the project each serve a function that is essential to meet program goals and their roles are non-duplicative. *(10 pts.)* Based on this information, the Implementation Team categorized the types of eternal providers that would be required. This included Professional Development Trainers, Technology Vendors, External Evaluation Team, Curriculum Vendors, and more.

Pool of External Providers Identified: With this list in hand, the Implementation Team began searching for possible providers in each of the identified categories. Input was solicited from previous TTIPS awardees, top performing districts and campuses; and neighboring districts. These among other identified providers were researched in order to be presented for review during the next scheduled Implementation Meeting. Among information that was obtained was:
- *Menu of Services* – It is the intent of the TTIPS Program to provide teachers, students, staff, parents, and community members with a wide-range of professional development training, products, and services that will ensure the district exits needs improvement status;
- *Level of Experience* – The district researched the number of years of service and requested information pertaining to the level of experience of the staff and CEO and a list of previous clients. Any individuals that did not have at least 10 years of experience in providing services in the same category were noted. Additionally, previous clients of each provider were contacted in order to solicit feedback;
- *History of Prior Success* – As part of the feedback that was solicited from previous clients, information was requested regarding the degree to which the services provided had been successful in achieving the intended results; and
- *Associated Costs* – A breakdown of fees were researched in order to create cost comparison sheet per category. Providers with the best cost per service were noted.

During the meeting, the Implementation Team reviewed the list that included all of the research that had been gathered. Based upon the information, the Implementation Team selected various vendors from all categories that would be considered. These individuals would be scheduled to provide a product demonstration for selected teachers, staff, and the principal, as well as to provide a bid or invoice for identified services.

Final Selection and Procurement: Once all demonstrations were provided conducted, a provider for each category was selected. As per district's policy, if awarded, any invoice that exceeded $10,000 will be reviewed and approved by the business manager for approval during the next scheduled school board meeting.

Contracting Risk-Assessment: The Implementation Team assessed how the contracting of each external provider would support the TTIPS goals for campus reform and how the relationship would be managed. Areas of concern included the security issues related to the accessibility that would be granted to technology and students. The campus was aware that by allowing access to any provider to install technology and/or software in the district, student, teacher, and staff records were at a risk of being compromised. In addition, by allowing external provider access to the campus, they would also gain access to the students. To minimize the threat to students, teachers, staff, and parents, the district will enforce a policy that requires all providers pass a criminal background check prior to being admitted on campus property. This will include any individual that is employed or subcontracted through the agency to provide any level of service at the campus. In addition, each provider will be required to submit a signed Confidentiality Form. This form will help to ensure students, teachers, staff, and parent's information is protected as required by FERPA.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 2: External Provider Oversight. Describe your rigorous and ongoing process to provide oversight to external providers to ensure their continued quality and success in meeting project deliverables. Include in the description:

- Proposed schedule to regularly review external provider performance
- Campus/district personnel responsible for oversight and management of providers
- Process/instruments used to measure and monitor success of providers
- Corrective actions or additional supports utilized to improve provider performance
- Criteria/sequence of actions to be taken to remove/replace a low performing provider

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

On-going Oversight to External Providers: Methods described for rigorous oversight of external providers ensures ongoing high-quality service and success in delivering outcomes *(10 pts.)* The campus will employ a District Coordinator of School Improvement (DCSI) that will be responsible for providing oversight to the external providers. This individual will be required to:

- Be present at the onset of the contractual agreement;
- Attend trainings;
- Oversee the installation of technology, hardware, and/or software;
- Meet with teachers, students, staff, parents, and community members to discuss the quality and ease of implementation of products, services, and strategies provided by the external providers;
- Respond to any issues and problems; and
- Provide the Implementation Team with irregular updates on the external providers' performance.

Review of External Provider Performance Schedule: Since each provider will deliver services at various times throughout each year and will range in frequency, the district elected to create an online calendar of events that will include each of the external providers dates of expected services, method that will be employed to review performance, dates when the preview of performance will be conducted, dates when issues will be addressed with the external provider, and dates when assessment results will be submitted to the Implementation Team for review. This calendar will be linked to the DCIM, Principal, and Implementation Teams cell phones in order to provide up to date notification of expected events. Through this manner, DCIM will be able to provide ongoing and continuous oversight.

Personnel Responsible and Instruments for Measuring, Monitoring, and Management: As previously mentioned the DCSI will be responsible for providing oversight and managing each of the contracted external providers. In order to ensure that each of the providers is held to a high-level of excellence, the DCSI will be assisted with this process by various staff and teachers.

- Teacher Mentors will be utilized to solicit input from teachers regarding the professional development and implementation of products and services. To gather this information, the mentors will host a discussion groups directly following the training, at which time teachers will be asked to complete questionnaires. These questionnaires will ask teachers input regarding the quality of the information that was provider, the presenters ability to articulate new procedures in a manner that is easy to follow, and the teachers opinion of the relevance of the training that was provided.
- The Technology Director will be utilized to provide their professional opinions on external provider that provide the technology, hardware, and software. The Technology Director will be asked to rate the quality of the products that are provided, the ease of access of installation, the compatibility with existing resources, the knowledge and experience of the installation technician, and the support and training that was provided to teachers and staff. In addition to complaint his own questionnaire, the Technology Director will also solicit the opinions of teachers and students that will be utilizing the new resources.

Corrective Actions to Improve Performance: Based upon the results of the assessments, the DCSI may be required to meet with the providers to request a modification of services or additional support or trainings. Individuals that provide technology, hardware, and software may request to provide additional trainings to teachers and or to replace products that are not functioning properly. Professional development trainers may need to work with the DCSI to review the menu of available trainings and identify different trainings. If the issue is with the presenter, the DCSI may need to request a different presenter be assigned to the campus.

Remove/Replace A Low Performing Provider: In the event that issues with the provider cannot be resolved, the DCSI may suggest to the Implementation Team that the provider be replaced. An alternate provider or intervention will be presented as a solution. If it is agreed that the change is warranted, the provider will be notified of the campuses decision and if needed, an amendment will be submitted to TEA for approval.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 3: Pre-Implementation Year. List and describe primary activities planned for the Planning/ Pre-Implementation period in the grant to occur from January 1, 2016-July 31, 2016. These activities shall be designed to prepare the district and campus for stronger full Implementation than would be possible without Pre-Implementation. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

1.	Will enroll in the Children's Learning Institute (CLI) in order to implement the *Texas School Ready! Project.*
2.	Will select the individual that will be hired to serve as the District Coordinator of School Improvement (DCSI).
3.	Will create a TTIPS Implementation Team that will consist of TTIPS staff, district and campus staff, teachers, parents, and community members. The Implementation Team will be responsible for meeting on a regular basis and reviewing data collected and determining if the campus is on target to meet proposed objectives.
4.	Will purchase and provide training on Pre-Kindergarten through 2nd instructional materials that are aligned with the Texas State Board of Education.
5.	Will work with the assigned Technical Assistance Provider (TAP) to create an Implementation Readiness Portfolio that is aligned to the needs of the campus.
6.	Will meet with campus staff and teachers to create Professional Learning Communities (PLC). A schedule will be created that will allow the PLC's to meet weekly in an effort to ensure that curriculum is vertically aligned.
7.	Will contract with an independent Evaluation Team to conduct surveys, walk-throughs, and distribute questionnaires that will provide the campus with base-data that will be used to create the Implementation Readiness Portfolio.
8.	Will meet with the district and campus staff to enhance the Campus Calendar to include added opportunities to engage parents and community members in the school culture. Including: Parent/Teacher Meetings, Open House, Parent/Community Academic Nights, etc.
9.	Will meet to assess staff and determine which teachers have the experience needed to serve as Teacher Mentors for new and struggling teachers.
10.	Will hold a meeting, which will be open to the public, in order to solicit feedback and suggestions regarding the activities to be provided through the grant program.
11.	Will meet to discuss the restructuring of the class schedule in order to allow for increased learning time. This will include extending the instructional day by 30 minutes.
12.	Will meet to review the student-to-teacher ratio in order to determine the number of support staff (paraprofessionals) is needed to ensure they meet the 10:1 student:teacher ratio.
13.	Will review the available staff in order to ensure the campus has a teacher employed that has a Bachelor's Degree in Early Childhood Education or a field within a state-approved alternative program if not one will be hired.
14.	Will review and become familiar with the Texas Pre-Kindergarten Guidelines (PKG) in order to ensure the program operates in compliance with all regulations.
15.	Will submit the quarterly progress reports on time, which will document the school's continuous processes around data analysis, needs assessment, planning, implementation and monitoring; as delineated in the Texas Accountability Interventions System (TAIS) framework.
16.	Will schedule and meet with all approved vendors and collaborative partners for product demonstrations, create orders based upon the campus's needs, arrange delivery and set-up of products, and schedule staff trainings.
17.	Will meet with the Director of Technology in order to ensure all hardware/software is compatible and that the existing infrastructure will support the new hardware/software. If needed, added infrastructure will be purchased.
18.	Will meet with the Business Office Manager to ensure all the grant accounts are properly set-up for accounting purposes and that the purchasing processes are being properly implemented.
19.	Will create a list of professional development trainings that are needed by staff and teachers, which will be based upon solicited feedback, survey results, walk-throughs, and academic needs assessment.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 4: Coordinated and Integrated Efforts. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds?
Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The proposed program will be coordinated with similar or related efforts using existing resources and facilities and with other appropriate community, state, and federal resources.

On-Going, Existing Efforts Similar or Related to the Planned Project: With the recent decrease in state and federal funding the campus has struggled to provide programs that are designed to generate campus reform. The campus does; however, provide limited regular and on-going professional development to all teachers and staff. In addition, state Instructional Materials Allotment (IMA) funds are utilized to purchase teaching materials that are research-proven to increase student participation and scores. Finally, the campus provides assessments and conducts walkthroughs for all teachers on a regular basis.

How Coordinated Efforts will Maximize Effectiveness of Grant Funds: If awarded, the campus will provide existing program resources to support the proposed compensation teacher incentive plan with technology equipment and training materials. Teachers and staff will also be allowed to utilize existing school facilities, computers, TV/DVD's, projectors, and overhead materials as well as participate in staff trainings and meetings. In addition, the campus will utilize existing staff to provide support to the project. The Business Office Manager will be utilized to manage grant expenditures; campus administrators will conduct assessments and evaluations; and Board members will be asked to keep stakeholders informed of the on-going progress or the project. These funds will not be used to divert or decrease existing services required by state law, State Board of Education, or by local policy.

The campus administrators feel confident that they have the capacity and commitment to provide adequate resources and related services to the campus staff to implement, fully and effectively, the required activities of the **Early Learning Intervention Model**. The campus has demonstrated a great need for the funds as well as a strong commitment from the school board, Superintendent, Campus Principal, Counselor, Paraprofessional, Teachers, Site-Based Decision-Making Committees (SBDM), Campus Administration, Parents, and Community Members to ensure that the funds are used to provide adequate resources to enable the campus to raise substantially the achievement of their students. During the implementation phase, staff will continue to utilize the support of the school, principal, teachers, parents, and community to fully integrate the proposed project.

County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 5: Principal Replacement

Applicants proposing a **TRANSFORMATION, EARLY LEARNING** or **TURNAROUND** model must replace the principal who led the school prior to the commencement of the model. **Specifically, for Cycle 4 implementation, the principal's first year at the applicant organization must have began at or during school year 2014-2015. The principal may not have been principal of the applicant organization prior to school year 2014-2015.** These applicants shall respond to the prompts in the table below.

Applicants not proposing a Transformation, Early Learning or Turnaround model, shall indicate below with "N/A". Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Name of principal who will be in place through the implementation of the model:	Ms. Laura Mikolajczyk
Hire date, or anticipated hire date of the principal who will be in place for implementation of the model:	Since the principal was appointed to her position in July of 2015, this principal is not required to be replaced.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 7: Evaluation Systems for Teachers and Principals, accounting for student growth

Applicants proposing a **TRANSFORMATION, TEXAS STATE-DESIGN, or EARLY LEARNING** model must use a rigorous, transparent, and equitable evaluation system that takes into account student growth as a significant factor. Please review the description of requirements of the evaluation systems under these models in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below.

Applicants not proposing a Transformation, Texas State-Design or Early Learning model shall indicate below with "N/A".

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Describe the data sources for student growth accounted for in the teacher and principal evaluation system. Include how student growth is weighted in evaluation:	Student growth plays an intricate part in a teacher's evaluation. Therefore, to determine student's growth, the campus utilizes various systems to collect this data. They include the following: **STAAR Testing**: The campus will utilize STAAR scores for the 2014-2015 calendar school-year as the basis for student growth comparison. Subsequent testing scores will be utilized in order to see if the campus has an increase in the number of students that met the standards. In addition, the campus will track the number of students by teachers that met the standards in order to determine if each teacher is being effective in the classroom. **Classwork**: The campus will review students' classwork regularly in order to determine whether students are showing significant academic growth. Student class scores will be compared to previous years as well as to the teacher's peers in order to determine whether the teacher is being effective in the classroom. **Walk-Throughs**: District, campus, and TTIPS staff will conduct walk-throughs during the teacher's instructional period in order to determine if the teacher is effectively engaging and managing the students and classroom. **RtI Software**: Teachers will utilize RtI software to assess students each month. Assessment results will assist the campus in determining if students' academics are improving. **Student Attendance and PEIMS 425 Reports**: The TTIPS and campus staff will review attendance and PEIMS reports in order to determine if PBIS strategies are being implemented effectively in the classroom or are needed.
Describe how the evaluation system design includes multiple observation-based assessments and ongoing collections of professional practice	As can been seen in the data that will be generated above, the campus will gather data from multiple sources throughout the five-year grant period in order to determine if teachers are positively impacting students' performance. Walk-throughs and assessments will be conducted quarterly by the District Coordinator of School Improvement (DCSI), Teacher Mentors, and Instructional Coach on all core area teachers. An annual walk-through and assessment will be conducted by the Principal on all teachers. In addition, teachers in each core areas will be selected to have a walk-through and assessment conducted by the External Evaluation Team. Data will be collected through these multiple sources throughout each school year to track teachers' effectiveness, practices being implemented, and classroom management during the school year and provide struggling teachers with additional professional development training, resources, and support.
Describe how the evaluation system was developed with teacher and principal involvement:	District and campus staff met in order to discuss the various methods that can be utilized to evaluate teachers. The administrators understand that it was imperative that multiple avenues be utilized to assess the teachers' performance. This would provide a more holistic means to ascertain the teachers' effectiveness. Teachers input were solicited in order to ascertain that the collection of data would not interfere with classroom instruction. By utilizing RtI software that includes a student reporting system and generate reports, it was agreed that the teachers would not be required to sacrifice any classroom instructional time.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: 007-901	Amendment # (for amendments only):

Statutory Requirement 8: Educator Reward and Removal

Applicants proposing a **TRANSFORMATION, TEXAS STATE-DESIGN,** or **EARLY LEARNING** model must have protocols to identify and reward school leaders, teachers, and other staff who have increased student achievement; and identify/remove those who have not improved their professional practice. Please review the description of requirements for educator reward and removal under these models in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below.

Applicants not proposing a Transformation, Texas State-Design or Early Learning model shall indicate below with "N/A".

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Describe the rewards available for educators who have increased student achievement in implementing the model:	The campus has developed a rewards system that will be utilized to motivate and recognize mentors and teachers who demonstrate an increase in students' achievement in implementing the **Early Learning Intervention Model.** Due to the comprehensive nature of the teacher reform strategies, the planned reward system will provide mentors and teachers a multi-tiered incentive program. An example of the proposed plan is provided in the table below. However, funds not utilized will be used to increase the number (10) of eligible mentors/teachers.

MENTORS		
Basis	**Amount**	**Total**
Paid Quarterly	$1,000	$4,000
Paid per assigned teacher (10 teacher maximum)	$50	$500
Paid per teacher that demonstrates growth (10 teachers maximum)	$200	$2,000
Maximum Eligible Amount Per Year:		**$6,500**

TEACHERS		
Basis	**Amount**	**Total**
% of students that demonstrate improvement in there academics	5% - $500 10% - $1,000	$1,000
% of students that demonstrate improvement in behavior and truancy	5% - $500 10% - $1,000	$1,000
% of parents that demonstrate an increase in parental involvement	10% - $500 15% - $1,000	$1,000
Maximum Eligible Amount Per Year:		**$3,000**

Describe protocols/interventions to support teachers who are struggling to improve professional practice:	In order to support new and struggling teachers, the campus has devised a system of support that is designed to ensure the growth and success of each teacher. On-going monitoring of each core area teacher conducted by multiple district, campus, and contracted staff will help ensure that struggling teachers are identified early and provided with additional interventions to address any area of need. Interventions will include: Focus meetings to discuss with teachers areas of weaknesses and devise specialized interventions; Scheduling additional one-on-one trainings with Mentors and Instructional Coach; Providing additional opportunities for professional development trainings; and Reassessing the teacher in order to determine if any growth has been identified.
Describe the criteria established for educator removal:	The district will ensure that the evaluation systems utilized to assess all teachers were of high quality and implemented with fidelity. The assigned Teacher Mentor, Instructional Coach, and DCSI will meet to discuss any teacher who has failed to improve after being provided with additional and targeted intervention strategies. If no added solutions can be devised, this individual will be recommended for dismissal to the principal. A complete report will be included with the recommendation that will include: evaluation results, a list of strategies implemented, list of trainings provided, and students' performance results. Based on this information, the principal will meet with the Human Resources Department and review what steps will be followed to remove the teacher from employment.

Schedule #16—Responses to Statutory Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

Statutory Requirement 13: High-quality preschool programming

Applicants proposing the **EARLY LEARNING INTERVENTION** model must deliver a preschool program that meets the definition included in program federal requirements and is integrated in a campus-wide school improvement model. Please review the description of requirements under the Early Learning Intervention model in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below. Applicants not proposing an Early Learning Intervention model shall indicate below with "N/A".

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Describe the schedule and staffing pattern for the full-day preschool that will meet standards for high qualification of staff, required child-to-staff ratios, required class size limitations, and comparable staff salaries. Indicate if the campus will collaborate with community-based provider to deliver the preschool.	The proposed preschool schedule will consist of an 8-hour day. Students will arrive and be provided with a nutritious breakfast that will prepare them for the day. During the course of the day, students will be subjected to fun and engaging activities that will incorporate each of the 5 core areas. This will include, but is not limited to: • Math Workshops (i.e. counting games, identifying more-than and less-than, etc.); • Reading Workshops (i.e. read aloud, word identification, etc.); and • Writing Workshops (i.e. tracing letters and numbers, etc.). None of the classrooms will exceed 20 students and will consist of a certified teacher and a paraprofessional. This will ensure the 10 student to 1 instructional staff ratio. In addition, as required a teacher with a bachelor's degree in early childhood education or a bachelor's degree in any field with a state-approved alternative pathway will be hired to serve as a teacher mentor for all of the Pre-Kindergarten and Kindergarten teachers. This individual will be required to have a minimum of 5 years of experience working in an early education setting. Furthermore, the campus will contract with the University of Texas Health Science Center's Children's Learning Institute (CLI) to provide to provide proven learning solutions derived from, and supported by, documented research.
Describe how the preschool program proposed is: research-based; vertically aligned in math, science, literacy, language through the elementary grades; and develops socio-emotional skills:	The campus will implement the Texas School Ready! designed to increase children's school readiness. The Texas School Ready! design utilizes five evidence-driven components: research-based curriculum, technology-driven child progress monitoring, facilitated teacher professional development, ongoing teacher mentoring, and sustainability to help ensure the success of the program. In addition, the Pre- Pre-Kindergarten and Kindergarten teachers will take-part in the PLC's that will meet on a weekly basis with other teachers. These meeting will allow for the planning of daily lesson plans and to vertically align classroom lessons with other grade levels. This will include math, science, literacy, language, and socio-emotional skills.
Describe the student assessment data that will be examined for the preschool and kindergarten classes that inform continuous improvement and next-grade readiness:	C-PALLS+ Child Progress Monitoring Tool will be utilized to provide immediate feedback reports on teacher's performance. This report will show children's progress in rapid vocabulary naming, rapid letter naming, phonological awareness, mathematics, social and emotional development, writing, and book and print knowledge. Administration, teachers, and TTIPS staff will use this information to guide and provide continuous improvement and next-grade readiness. In addition, the district will utilize the Texas Primary Reading Inventory (TPRI) to assess students. Children of limited English will be assessed utilizing and Tejas LEE. The district will assess each child three (3) times per year, which will include: Beginning of the Year (BOY), Middle of the Year (MOY), and End of the Year (EOY). As required by TEC, §28.006 (Reading Diagnosis), all data will be entered into the Early Childhood Data System's (ECDS) Texas Student Data System (TSDS). The ECDS will be used to collect data and inform school stakeholders of the effectiveness of the Pre-Kindergarten program that is being implemented.

Statutory Requirement 17: Operations under a Charter School Operator, CMO or EMO.

Applicants proposing a **RESTART** model must convert or reopen the school under a charter school operator, charter management organization (CMO), or education management organization (EMO); using a rigorous review process to select a provider who will restart the organization. Please review the description of requirements under the Restart model in Schedule #2 Provisions and Assurances.

In the space below, these applicants shall describe the rigorous process to be used to select the restart organization; criteria used for selection; timeline for provider selection; and anticipated date for school reopening/conversion.

Applicants not proposing a Restart model shall indicate below with "N/A".

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Schedule #17—Responses to TEA Program Requirements	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

TEA Program Requirement 1: Interventions to meet Model Requirements and Timeline

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement.

Academic Performance is the foundational Critical Success Factor. Through gains in Critical Success Factors of teacher quality, effective leadership, data-driven instructional decisions, productive community and parent involvement, efficient use of learning time, and maintaining a positive school climate, campuses can increase academic performance for all students.

List the most important areas in which the campus will achieve increased academic performance through an improved instructional program through this grant.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Academic Performance/Improve the Instructional Program*

	Planned Intervention	Period for Implementation
1.	The campus will select instructional materials, hardware, and software that are scientifically-researched and effective, as evidenced through supporting academic data.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
2.	The campus will restructure classes in order to ensure that the class size does not exceed 20 students and that the student-to-teacher ratio does not exceed 10:1.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
3.	The campus will extend learning time by 30 minutes in order to increase students' access to math and ELA academics.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	Students will be assessed utilizing the My Virtual Reading Coach (MVRC), Ascend Math, and Math Imagine (based on student grade level) assessment. Based on the results; a curriculum plan will be developed to address each area of the students' deficiencies. Periodic assessments will be provided throughout the grant program so that the campus can adjust the curriculum plan as needed.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	An external provider will be contracted that will provide workshops that are designed to increase parent and community involvement. These workshops will be available to parents, teachers, staff, and community members and will include research-based strategies that are proven to motivate parents to take a more active part in their child's educational development.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	The campus will provide teachers professional development training designed to increase their data skills and data-informed decision-making processes in order to provide them the skills needed to utilize data to differentiate instruction.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
7.	The campus will organize Professional Learning Communities (PLCs) in order to provide teachers the opportunity to analyze and improve their classroom practice, promote deep team learning, and align curriculum from one grade to the next.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3

The interventions planned (Schedule 17, all parts) are of adequate scope and scale to meet all requirements of the federal School Improvement Grant **Early Intervention Model** selected, as described in the Program Assurances. (30 pts.)

Schedule #17—Responses to TEA Program Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

TEA Program Requirement 2: Interventions to meet Model Requirements and Timeline (cont.)

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement.

List and briefly describe the interventions selected for implementation for this Critical Success Factor. Ensure that interventions selected fulfill all statutory requirements listed in the program assurances, and support Problem Statements and Root Causes identified through your needs assessment.

Additionally, indicate the period during the grant cycle in which the activities will be implemented.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Increase Teacher Quality*

	Planned Intervention	Period for Implementation
1.	As part of the TTIPS **Early Learning Implementation Model,** the campus will create Professional Learning Communities (PLC). Five PLCs will be created that will be broken down by core areas. Each PLC will meet weekly in order to discuss lesson plans and ensure vertical alignment, discuss best practices, review data and provide suggestions and feedback, and discuss areas of concern.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
2.	Current teachers will be reviewed in order to identify individuals that are qualified to serve as Teacher Mentors. These individuals will be provided with professional development training that will prepare them to serve in their new role of Trainer-of-Trainers. Each Teacher Mentor will be assigned teachers that have less than 2 years of experience and/or are struggling to provide support and oversight to them.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
3.	The campus will provide teacher's professional development training that will provide them with research-based strategies that are proven to increase student's participation, improve academics, and expand their classroom management skills. Through these trainings, teachers confidence will improve; thus, helping to ensure an increase in teacher's quality.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	Research-proven resources (technology, software, hardware, manipulatives, etc.) will be provided to teachers that are designed to improve students' engagement and academics. Each participating teacher will be provided with professional development training on the proper use of these resources.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	Instructional Coach will be contracted to provide onsite professional development to teachers on how to use evidence-based teaching practices and support them in learning and applying these practices.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	Teachers' salaries will be reviewed in order to ensure that they are comparable to local K-4 teaching staff. If needed, adjustments will be proposed through the use of TTIPS funds. In addition, teachers will be provided with performance based stipends and extra-duty pay for any hours worked beyond their contracted schedule.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
7.	Teachers will be provided with RtI software that is designed to assess students and provide data on their progress. In addition, teachers will be provided training on how to utilize this generated data as well as, STAAR testing results, benchmarks, classwork, etc. to modify their instruction and target struggling students.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3

Schedule #17—Responses to TEA Program Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

TEA Program Requirement 3: Interventions to meet Model Requirements and Timeline (cont.)

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement.

List and briefly describe the interventions selected for implementation for this Critical Success Factor. Ensure that interventions selected fulfill all statutory requirements listed in the program assurances, and support Problem Statements and Root Causes identified through your needs assessment.

Additionally, indicate the period during the grant cycle in which the activities will be implemented.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Increase Leadership Effectiveness*

	Planned Intervention	Period for Implementation
1.	The Principal, Ms. Laura Mikolajczyk, was hired in July of 2015. This individual has the leadership capability to ensure the success of the **Early Learning Intervention Model** and will lead the school out of Focus status.	☒ Year 1 ☐ Year 4 ☐ Year 2 ☐ Year 5 ☐ Year 3
2.	The principal will be provided with professional development training designed to increase her leadership effectiveness. Trainings will include, but are not limited to, Standards for Staff Development, Building Effective Leaders, Mental Health, Bullying and Reporting Procedures, Creating a Positive Campus Climate, Effective School Practices, Classroom Walk-throughs with Reflective Practice, and more.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
3.	A District Coordinator of School Improvement (DCSI) will be hired to implement all strategies of the TTIPS **Early Learning Intervention Model**. This individual will be solely employed to oversee, manage, and support the planned program. This individual will be provided with similar leadership training as those provided to the principal in order to ensure that she has the ability and confidence to manage the program effectively.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	Succession management strategies have been created that will help ensure that the district is equipped to replace any individual that chooses to leave the district. TTIPS staff will be trained in the role and function that they are designated for, but also be able to stand-in or support other key roles. If replacement personnel are brought in, such as a new Principal or Superintendent, exiting staff will be able to provide the new individual with support during the transitioning process.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	Regular meeting will be held in order to review the status of the campus reform and to determine of any additional trainings or support are required. During these meetings data and external providers' assessments will be reviewed.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	The campus will implement various strategies to increase parent and community involvement. Strategies will include the contracting of PEERS to provide workshops designed to increase parents' participation in their child's education. In addition, parents and community members will be invited to be a part of the Implementation Team in order to ensure their voices and opinions are included within the design and implementation phase, both prior to and during, of the TTIPS grant.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
7.	The campus will provide teachers' professional development training that will provide them with research-based strategies that are proven to increase students' participation, improve academics, and expand their classroom management skills. Through these trainings, teachers confidence will improve; thus, improving their leadership effectiveness.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3

Schedule #17—Responses to TEA Program Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

TEA Program Requirement 4: Interventions to meet Model Requirements and Timeline (cont.)

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement.

List and briefly describe the interventions selected for implementation for this Critical Success Factor. Ensure that interventions selected fulfill all statutory requirements listed in the program assurances, and support Problem Statements and Root Causes identified through your needs assessment.

Additionally, indicate the period during the grant cycle in which the activities will be implemented.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Increase Use of Quality Data to Inform Instruction*

	Planned Intervention	Period for Implementation
1.	Hire a District Coordinator of School Improvement (DCSI) to align campus curriculum and implement the *Early Learning Intervention Model*. 1) Utilize the most current research based practices, 2) Vertically and horizontally align instruction, 3) Align instruction with State Academic Standards, and 4) Align with College and Career Readiness Standards.	☒ Year 1 ☐ Year 4 ☐ Year 2 ☐ Year 5 ☐ Year 3
2.	Trainings will be provided to teachers to enhance their content knowledge and understanding of the TEKS. Teacher Mentors will help identify academic areas of weakness so that the campus can contract with needed content specialist from Region **20** ESC.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
3.	The campus will contract with an External Evaluation Team to ensure continuous use of data to inform and differentiate instruction. The External Evaluation Team will conduct surveys on teachers, parents, students, staff, and community members. In addition, walk-throughs and focus group discussions will be performed. Based on these results, the External Evaluation Team will provide suggestions and recommendations to address any areas of weakness.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	Teachers will be provided with RtI software that is designed to assess students and provide data on their progress. In addition, teacher will be provided training on how to utilize this generated data as well as, STAAR testing results, benchmarks, classwork, etc. to modify their instruction and target struggling students.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	Teachers will be provided with multiple assessments throughout the school year. Classroom assessments will be conducted by Principal, DCSI, Teacher Mentors, Instructional Coach, and the External Evaluation Team in order to gather a multitude of feedback.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	PLC groups will meet weekly in order to review data, provide suggestions and feedback, and discuss strategies to address deficiencies. Best practices will also be discussed in order for struggling teachers to gather new methods to address low data scores.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
7.	Regular meeting will be held in order to review the status of the campus reform and to determine of any additional trainings or support are required. During these meetings, data and external provider's assessments will be reviewed.	☒ Year 1 ☐ Year 4 ☐ Year 2 ☐ Year 5 ☐ Year 3

Schedule #17—Responses to TEA Program Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

TEA Program Requirement 5: Interventions to meet Model Requirements and Timeline (cont.)

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement.

List and briefly describe the interventions selected for implementation for this Critical Success Factor. Ensure that interventions selected fulfill all statutory requirements listed in the program assurances, and support Problem Statements and Root Causes identified through your needs assessment.

Additionally, indicate the period during the grant cycle in which the activities will be implemented.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Increase Learning Time*

	Planned Intervention	Period for Implementation
1.	The campus will increase student learning time by extending the school day by 30 minutes each day. This will provide teachers the opportunity to increase instruction in core area subjects. Each class day will run from 8:00 am until 3:30 pm; thus, making each school day an 7-hour and 30-minute day.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
2.	The campus will review the academic learning time (period when instruction aligns with students' readiness to learn) as opposed to the allocated school time (total amount of time students are at school) in order to plan strategies to more closely align these two areas.	☒ Year 1 ☐ Year 4 ☐ Year 2 ☐ Year 5 ☐ Year 3
3.	Teachers will add 30 minutes of ELA studies on two days, Math on two days, and writing on the remaining day.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	The campus will offer a Saturday Tutoring day once every month. Tutoring will begin at 8:00 am and will last until 12:00 pm.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	The campus will provide after-school core academic tutorials for students in order to increase the instructional time.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	The campus will be provided with access to software curriculum at home. This will allow students to have additional time for instruction in core academic subjects. Students that do not have a computer at home will be provided with the opportunity check-out a laptop to utilize at home. Parents will be required to sign a permission slip prior to the releasing of the technology to the student.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3

Schedule #17—Responses to TEA Program Requirements (cont.)	
County-district number or vendor ID: **007-901**	Amendment # (for amendments only):

TEA Program Requirement 5: Interventions to meet Model Requirements and Timeline (cont.)

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement.

List and briefly describe the interventions selected for implementation for this Critical Success Factor. Ensure that interventions selected fulfill all statutory requirements listed in the program assurances, and support Problem Statements and Root Causes identified through your needs assessment.

Additionally, indicate the period during the grant cycle in which the activities will be implemented.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Increase Parent/Community Engagement*

	Planned Intervention	Period for Implementation
1.	The campus will implement various strategies to increase parent and community involvement. Strategies will include the contracting of PEERS to provide workshops designed to increase parents' participation in their child's education. In addition, parents and community members will be invited to be a part of the Implementation Team in order to ensure their voices and opinions are included within the design and implementation phase, both prior to and during, of the TTIPS grant.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
2.	The campus will ensure that parents and community members are provided with notification of meetings and events. Various manners of notification will be utilized in order to encourage parents and community participation. Methods for notification will include: letters sent home to parents, email blasts, utilization of the school messenger system, school billboard, morning announcements, and flyers.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
3.	The Campus Calendar will be modified in order to include added opportunities for parent and community member involvement.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	A campus academic night will be scheduled in order to provide parents and community members the opportunity to take part in the students' education. The intent of these academic nights will be to allow students to show parents the methods and resources that are being utilized to instruct them. Students will have the opportunity to "teach" parents and community members while simultaneously providing parents and teachers the opportunity to "tryout" new technologies, manipulatives, and curriculum.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	An open house will be scheduled at the beginning and middle of the year in order to allow parents the opportunity to meet the teacher and visit their classroom. Parents will be provided samples of children's work and will have the opportunity to ask questions.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	Parent/Teacher meetings will be scheduled to occur twice a year. This will provide teachers the opportunity to discuss issues of concern with the parent and make the parents a part of the solution.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
7.	The campus will implement a Parent of Distinction and Community Member of Distinction award in order to recognize individuals that have taken an active role in the reforming of the campus. These awards will be issued on a bi-monthly period and will include a certificate. The individuals selected will be featured on the district and campus website, announced on the school marque.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Critical Success Factor:	*Improve School Climate*

	Planned Intervention	Period for Implementation
1.	Contract with the National School Climate Center (NSCC) to conduct a Comprehensive School Climate Inventory (CSCI) on the campus in order to receive immediate feedback on how students, parents, and school personnel perceive the school's climate for learning. This Inventory will be re-administered in year 2, 4 and 5 of the TTIPS Program in order to determine if the campus's school climate has improved.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☐ Year 3
2.	Based on the CSCI, the campus will: 1) Prioritize goals; 2) Research best practices and evidence-based instructional and systemic programs; and 3) Develop an action plan to promote learning and a positive and sustained school climate.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☐ Year 5 ☐ Year 3
3.	The campus will contract with an External Evaluation Team to conduct surveys on teachers, parents, students, staff, and community members. In addition, walk-throughs and focus group discussions will be performed. Based on these results, the External Evaluation Team will provide suggestions and recommendations to address any areas of weakness.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
4.	The campus will ensure that students feel safe and secure while at school. Strategies will be implemented to decrease the number of student-related incidents. This will include incidents of bullying, fighting, position of controlled substances, truancy, and others. In addition, the campus will ensure that no unauthorized individual is granted access to the campus.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
5.	The campus will implement various strategies to increase parent and community involvement. Strategies will include the contracting of PEERS to provide workshops designed to increase parents' participation in their child's education. In addition, parents and community members will be invited to be a part of the Implementation Team in order to ensure their voices and opinions are included within the design and implementation phase, both prior to and during, of the TTIPS grant.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
6.	The campus will contract with Comprehensive Training Center Professional Development Team to provide a spectrum of training identified by the evaluation team from their formative and summative findings to help address students' academic, social and emotional needs for both students and parents.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
7.	Teachers will be provided with performance-based stipends and extra-duty pay for any hours worked beyond their contracted schedule. In addition, students will be provided with incentives to acknowledge improvement in academics, behavior, and attendance. Incentives will include: certificates, small flash drives, pens, etc.	☒ Year 1 ☒ Year 4 ☒ Year 2 ☒ Year 5 ☒ Year 3
